

Gami.Fi.Re

FOSTERING FINANCIAL LITERACY & CAREER READINESS THROUGH
GAMIFICATION IN VOCATIONAL EDUCATION

KICK OFF!

The GAMI-FI-RE project consortium embarked on its official launch on October 25th and 26th in the beautiful Slovenia, hosted at the RIC Novo Mesto office. The two days were jam packed commencing with a comprehensive exploration of the project's context, background, and essential timelines for various outputs. Emphasis was placed on IO1-formulating the framework for financial competences and detailing requirements for the initial phases of IO2 constructing the Professionals' Development Toolkit. All partners left with a clear reflection and 'TO-DO' list which is already in action!

WHAT'S IT ALL ABOUT?

Welcome to the Gami.Fi.Re Erasmus+ project's GAME CHANGER GAZETTE, serving as your gateway to the project's progression.

Simply put, The Gami.Fi.Re project seeks to empower individuals in VET to navigate their financial futures confidently. Why? According to a survey conducted by the Eurobarometer: Financial literacy is a significant challenge for many of Europe's youth, with only 48% of EU citizens aged 16-30 able to answer basic financial literacy questions!

Gami.Fi.Re will level up the learning experience by merging gaming with learning to transform financial education and equip (specifically marginalised) individuals with the skills necessary to succeed in their employment opportunities!

The project will also support **VET educators** in using gamification as a means to increase student engagement and motivation, whilst also providing an interactive and dynamic learning experience.

PROJECT DEVELOPMENT

FRAMEWORK OF FINANCIAL COMPETENCES

The specific objective of this activity is to assess the financial competencies of students, especially vulnerable, enrolled in different VET programmes. This assessment will help in understanding the areas where students lack financial skills and knowledge.

Currently, the consortium are **conducting groups of interviews** with VET providers to reveal the implementation of current content that promotes financial competences in VET. The specific objective of this activity is to provide valuable insights into the effectiveness of current practices and identify gaps that need to be addressed.

Overall, the specific objectives of IO1 contribute to the general objectives of the project by providing a solid foundation for the development of a comprehensive upskilling program for promoting financial literacy, ICT, and functional literacy in VET making it a vital step in the Gami.Fi.Re process!

THE PROJECT CONSORTIUM

Behind every remarkable initiative stands an even more exceptional team, providing unwavering support! The Gami.Fi.Re team is made up of 4 European organisations:

RIC Novo mesto, Slovenia

www.ric-nm.si

One of the biggest adult education & VET provider in Slovenia, possessing expertise in the execution of diverse projects funded by the European Union.

Emphasys Centre, Cyprus

www.emphasyscentre.com

Emphasys has expertise in digital transformation and developing innovative solutions for adult education and VET providers. They have been involved in several projects connected with gamification.

GEAR-UP, Netherlands.

www.gear-up.nl

Gear-Up is experienced in addressing skills mismatch and promoting the inclusion of marginalised young people in VET, as well as having the capacity to build an effective and relevant validation system - Open Badges.

PRISM

www.prisononline.eu

PRISM has experience in developing financial education programs for different target groups, including vulnerable groups, and a large set of EU projects form the field of VET.

CONNECT WITH US!

If you believe that you or someone you know could gain value from engaging with the educational resources provided by Gami.Fi.Re, stay connected or don't hesitate to reach out to us through our social media platforms, email, or website! We welcome collaboration, cross-promotion opportunities, and overall support for the project. Connect with us, give us a 'follow' and 'like,' and we'll reciprocate! ;)
