PILOTINGS

BOARD GAME

We have implemented our 4Talents Resource Pack (Board Game) for disadvantaged young adults, which is the third and final outcome of our project. As a consortium, we successfully completed our pilot applications and workshops. We had wonderful experiences with the young people who tested the board games designed and produced by the 4Talents consortium. We are very happy to witness their smiles, positive energies and wonderful moments as they rediscover their talents.

TAKE ADVANTAGE OF YOUR OWN TALENTS FOR A SECOND CHANCE

TRANSNATIONAL PARTNERS MEETING

KRAKOW MEETING

4Talents project is about to be finalised and this time we came together for the last round in Krakow.

We expressed our views on how our project was managed throughout the process. We evaluated our tasks, responsibilities and efficiency.

As we have come to the end of our project, we had discussions about all our project results. All partners expressed their opinions about the quality and results of the project. All partners shared their experiences and the collected feedback from the piloting sessions.

We brainstormed on the sustainability of our project and our results.

We talked about how to organise our multiplier events and how to reach more people with the wonderful products of our project.

We had discussions on how to disseminate our results in digital environments too.

We would like to thank Krakow for providing perfect weather befitting the closing meeting of our wonderful project.
