

Testimonials

"The old saying goes, "first comes the foundation, then comes the wall." I think this was the password of this education. The landscape changes depending on where one looks. This training is truly the key to realizing our future plans. I would like to say that it has opened my horizons."

– *Rahime*

Testimonials

"In agritourism, networking and guidance are crucial. Establishing connections with other professionals helps you learn new skills, find employment, and participate in joint projects that advance your career and help businesses thrive"

The VEDA project has been a game-changer for me. It's empowering and completely free. The platform is easy to understand and use, and signing up was a breeze. The course content is fantastic, with modules that cater to everyone's needs. I highly recommend it to any woman looking to gain new skills and confidence

Testimonials

Süm

The training helped me to learn new things about agritourism and increased my curiosity about the topic

Seray

Education was really eye-opening for me, it allowed me to see and learn about different worlds

Ayşe

I believe that women in Turkey have great potential, but opportunities were limited until the VEDA Project by UUAOSD came along. I'm grateful for this chance and appreciate their efforts to support us.

Testimonial

As a woman facing today's labor market challenges, I am grateful to be involved in the VEDA project, which makes a major contribution to the empowerment and employment of women through innovative training opportunities across the European Union.
