Empowering citizens by providing them opportunities to develop digital skills

GET READY FOR THE FUTURE

The Project

The Europe 4.0 Digital Citizens project is designed to **empower individuals by offering opportunities to enhance digital skills beyond the basics**. It focuses on providing specialized education that helps citizens gain a deep understanding of the ongoing transformations in Information and Communication Technologies (ICTs). This initiative is aimed at preparing citizens for **meaningful participation in the Digital Decade**, fostering an inclusive, high-performing digital education ecosystem to ensure that everyone can thrive in an increasingly digital world. By addressing these needs, the project strives to build a **digitally capable** and **future-ready citizenry** across Europe.

The Partnership

POLITECHNIKA GDANSKA (POLAND)

DIE BERATER (AUSTRIA)

ATHENS LIFELONG LEARNING INSTITUTE
(GREECE)

APROXIMAR (PORTUGAL)

SOCIALINIU INOVACIJU FONDAS (LITHUANIA)

PRISM (ITALY)

RESET (CYPRUS)

I-SKILLS (GREECE)

Our Mission

The aim of the Europe 4.0 Digital Citizens project is to make learning and education on the **new disruptive technologies** of our digitalized age **more accessible, to more people, in more places all around Europe**. The project acknowledges that advanced digital skills are essential to reinforce our collective resilience as a society. Therefore, project partners work to provide the context, the tools and the means to **digitally upskill Europeans** in big numbers with a particular emphasis on the **advanced digital skills** that are expected to form the world of tomorrow.

Resources

The **Europe 4.0 Digital Citizens Curriculum** will provide all the foundational digital skills required to thrive in a more automated, digital and dynamic world

The **Europe 4.0 Digital Citizens eLearning Course** will serve as a high-quality online learning resource - in seven (7) European languages - that will provide all citizens with the opportunity to upskill or re-skill as society evolves

The **Europe 4.0 Digital Citizens Microcredential** will provide a concrete demonstration of the proficiency of the participants in the newly acquired skills
